

Have your recruiting information, photos, and video online on your own personal player website!

Have your own personalized player website which includes the following information:

- 🐝 Letter to a coach
- 🐝 Personal contact information
- 🐝 Academic information
- 🐝 Athletic profile
- 🐝 Photos
- 🐝 Recruiting video
- 🐝 Upcoming tournaments and leagues

This is a convenient and accessible way to get your recruiting information online! When emailing a college coach, this website link can be included in the email as an easy means for a coach to play your recruiting video and to access your athletic profile.

For a site without video, cost is \$200 and includes:

- 🐝 Initial creation of your own website based on the standard website template
- 🐝 Website hosting costs
- 🐝 Periodic updates to the site
- 🐝 Site will remain online until High School graduation

Extras:

- 🐝 \$50 to add video to the site
- 🐝 Site statistics can also be provided at an extra cost
- 🐝 Player site for an additional sport \$175
